[20:41] <kekon3> he did  
[20:41] <dead\_kinggamer> they took them out  
[20:41] <jacksmog> Only temporarily.  
[20:41] <huffysan> What will happen after two hours?  
[20:41] <everything0> they actually did something beside lowering the rewards?  
[20:41] <kekon3> so, they took out the purchases, but I don't think they changed any of the balancing  
[20:41] <trashlogic> Do a patreeon goal to get all the lootboxes in the game  
[20:41] <winderfiend764> Wonder if it'll be better than BattleFront 2's story..... The other one of course.  
[20:42] <blk\_mage\_ctype> Yeah, they just axed microtransactions, nothing more.  
[20:42] <kittyspank> for now  
[20:42] <lickmybussy> EA "listens to feedback," but they apparently didn't hear the feedback for all the other games that have microtransactions.

[20:42] <popsicolo> @DarksydePhil I reuploaded the fanart if you ever decide to fix it.

[20:42] <kittyspank> they are adding it later  
[20:42] <flyeaglesfly01> Whats up  
[20:43] <kekon3> It took the real ass Financial heads to sit EA down and tell them to "STOP WITH THE LOOT"  
[20:44] <a\_lern> Yeah, temporarily get rid of them to entice the disillusioned, but put them back in once everyone has committed  
[20:44] <iconicchristian> @darksydephil are you getting Detroit for PS4 just curious

[22:33] <ratchefan12> HEEHEEE  
[22:33] <n30sh4d0w> @NeoSpartanHesperos9 canon-wise the people who made the clones were not the smartest people.... and originally the empire didn't know what to do with them. So most of the first tech they had like these walkers were either prototypes or sacrifices. There is a reason why the 501st were successful... it took over 200-500 platoons of 10,000k clones before the empire figure out how to use them.  
[22:33] <kushiyakitori> enemies stay near it and will kill you quickly just like the vehicle itself

[22:40] <lastgambit> or a reward for not blowing your funds on wookies first  
[22:40] <hobox10> why'd you even give EA your money for this game after all their nonsense  
[22:40] <n30sh4d0w> how do the Rebels have clones!? #confused  
[22:40] <ashfordian2015> I heard they have removed all micros transactions

[22:41] <chalupaprince> @ashfordian2015 its mircotransactions and yes they disabled them  
[22:41] <fringerazadm> @hobox10 why you watchin it then haha  
[22:41] <pinkdam> no they aren't, I don't want looterates in the game but I can ignore them, shoddy games where you have a poxy timer shoved in your face when you go outside the hack programmer's imaginary boundary he couldn't be bothered to put walls around and do proper level design I can't ignore  
[22:41] <hobox10> 140 IQ grenade throw  
[22:42] <aisaidhello> Why do you look at chat so much if you aren't going to respond to anything?  
[22:42] <silvianraccoon> You have to be as rich as Donald Trump to get heroes. But i'm not sure about Donald though lol :D  
[22:42] <n30sh4d0w> @12\_btw\_hahaha remember no spoilers about episode 8 man (you getting close)  
[22:42] <optionalsuperboss> phil buys the game so you dont have to  
[22:42] <danielswe> ChalupaPrince it's it's, not its :)

[22:43] <tashiboss> LMFAOOO4

[22:43] <ashfordian2015> Whatâ€™s better? Run and gun or pray and spray.

[22:43] <chalupaprince> @Pinkdam you can also ignore those return to obj too but to say loot crates arent worse is emonBruh

[22:43] <lumpythebored> DSP makes the the Deathstar head bumping Stormtrooper look badass.

[22:43] <adam\_frostburn> Then stop dying phil

[22:43] <g33krom> Hey, Chat did you guys hear that a new trilogy could happen after the 7-9 Star wars movies?

[22:44] <furiouskirk6> We already know a new trilogy is happening

[22:44] <n30sh4d0w> @Adam\_Frostburn he cannot help it. its an fps ;)

[22:44] <novaenforcer> @g33krom itâ€™s already being written

[22:44] <furiouskirk6> officially

[22:44] <silvianraccoon> OMG did DSP said Donald Trump? I never expected Phil to read my comment lol

[22:44] <neospartanhesperos9> phil, check your surroundings every once and a while. you cant just keep advancing not imagine an enemy couldn't possibly be waiting around the corner.

[22:44] <dime\_captain> all of the years of video gaming culminating into some solid how to not to play battlefield 2 youtube vid soon

[22:44] <neoelectric> you think disney would ever stop making them?

[22:44] <12\_btw\_hahaha> @G33krom I dont see why not, they have all the content from the EU, some of which they are making canon

[22:44] <neoelectric> it prints money

[22:44] <adam\_frostburn> @n30sh4d0w The game literally aims for him and he still can't do it lul

[22:45] <furiouskirk6> Just checking in. How is Phil liking the full game?

[22:45] <neoelectric> it sucks

[22:45] <pinkdam> no you can't ignore it because the stupid game will kill you, far cry 3 had the stupid return to mission area in an OPEN WORLD game, what a joke, absolutely pathetic game "design" choice, yet it persists and proliferates, some goon must be teaching this crap at game design school

[22:45] <lumpythebored> Bugged force mechanics.

[22:45] <tashiboss> Dsp why not champ ?

[22:45] <nilihanth> a grenade

[22:45] <chalupaprince> @Danielswe its that not dat :)

[22:45] <tashiboss> U are really good at that

[22:45] <n30sh4d0w> @Adam\_Frostburn thier is aim assist OoO?

[22:45] <g33krom> The EU was non-canon I thought, But I guess the writers are cherry picking what they want in there movies @12\_btw\_hahaha

[22:45] <danielswe> Dat what?

[22:45] <pedropatricio1991> does anyone get froze moments on this game ?

[22:45] <12\_btw\_hahaha> @DarksydePhil you gonna play heroes vs villains?

[22:45] <dime\_captain> this is one giant linear path, "i have no idea whats happening" dsp

[22:45] <n30sh4d0w> @Adam\_Frostburn my theory is players have hacked aim assist already

[22:46] <adam\_frostburn> @n30sh4d0w All console shooters have some form of aim assist. It'd be rediculous without it

[22:46] <tashiboss> Wish he had street fighter

[22:46] <novaenforcer> @pinkdam âœgame design schoolâ€□ Tf lol

[22:46] <concretecasket> cheer50 favorite star wars character?  
[22:46] <dime\_captain> he almost got 10th place Kreygasm  
[22:46] <tashiboss> I wanna see him play but i know he deleted it  
[22:46] <n30sh4d0w> @Adam\_Frostburn have you played planetside 2?  
[22:46] <spacemarine55> How many gambling boxes have you bought bro ?  
[22:46] <tashiboss> But don't know why  
[22:46] <neoelectric> bored yet?  
[22:46] <tashiboss> LMFAOOO!!  
[22:46] <butter\_my\_bread> Disney needs to make sure they dont over saturate the market tho a Star Whores movie will cease to be special so there's a fine line  
[22:46] <fringerazadm> cheers to that  
[22:46] <superslygaming> lol  
[22:46] <yaylandsharks> LUL  
[22:46] <chalupaprince> @Pinkdam the action is around the obj, why would you want to be far away from the obj  
[22:46] <adam\_frostburn> @n30sh4d0w Did that not have aim assist? Cause that would be hilarious since it was a PC port  
[22:46] <sledgehammer\_dev1> SJW streamer  
[22:46] <pinkdam> well you tell me how it's proliferating when it's so utterly stupid and intellectually bereft, it's the simpleton's tool to keep the player where they want, literally tell them to go there or you will make them die  
[22:46] <onemanlive> Laying Down the BANHammer  
[22:46] <superkricken> quick thoughts on the game so far?  
[22:47] <furiouskirk6> How's the game and hows Phil doing guys??  
[22:47] <tashiboss> Dsp  
[22:47] <tashiboss> U ok?  
[22:47] <yaylandsharks> snowflake streamer LUL  
[22:47] <danielswe> A grill?!  
[22:47] <lastgambit> phil you have to aim tho  
[22:47] <12\_btw\_hahaha> "lets try heavy" see's black guy...doesnt want to play him anymore  
[22:47] <lastgambit> play heavy and spray  
[22:47] <aisaidhello> Phil using a sniper LUL  
[22:47] <g33krom> "Why are you looking at me like that? I know what I'm doing."  
[22:47] <ashfordian2015> Still on fence on this game  
[22:47] <silvianraccoon> If DSP is trying to get Vader though skill, I would say he'll get it in the year 2020. :D  
[22:47] <pinkdam> as for why I'd want to be far away, that's my choice, if the game developer doesn't want me to go somewhere he should either not make that somewhere in the first place, give no reason to go there, or wall it off intelligently  
[22:47] <novaenforcer> @pinkdam why start the mission if you want to just run around?.....lol  
[22:47] <fringerazadm> exit and requeue  
[22:48] <adam\_frostburn> @n30sh4d0w planetside was good for a while, but damn did they drop the ball on support  
[22:48] <optionalsuperboss> wall hacks PogChamp  
[22:48] <chalupaprince> @Pinkdam than why play games at all if your gonna do is roam and not play the game itself  
[22:48] <n30sh4d0w> @Adam\_Frostburn it was a PS2 port and no... according to Maggie and Biscuit... there is only drop assist ...  
[22:48] <ass\_blastor> cheer10 Some servers only have 3 maps in rotation, you'll need to find a new lobby  
[22:48] <fringerazadm> ^&  
[22:48] <pinkdam> playing the game is whatever I want to do when I turn the game on, why make a game world if you don't want to let the player explore it?  
[22:48] <mrdrpatic> Phil looks like a blob fish  
[22:48] <silvianraccoon> There you go.

[22:48] <g33krom> cheer10 there are 11 maps on GA.

[22:48] <tashiboss> Did u rage quit ?

[22:49] <mediumfun> hows phil doing, any MVP's for my mvphil?

[22:49] <convertedclone> They gotta herd you around to make sure people actually adhere to the objectives though. Especially when people love to troll and most modes just end up being a slightly different DM anyway

[22:49] <tashiboss> Oh

[22:49] <pinkdam> if you want a player to do X in your game, encourage him, if you literally have to say do X or die, you have completely failed at design

[22:49] <tashiboss> Nvm

[22:49] <lumpythebored> No ones buying Battlefront 2. That means it's a buyers market.

[22:49] <toxaloxa> does anyone know if there are austrian servers?

[22:49] <mrdrpatic> Phil eat shit

[22:49] <fringerazadm> hahahaha

[22:49] <convertedclone> If you want an open multiplayer game play pc

[22:49] <tashiboss> LMFAOOOOOO!!!

[22:49] <adam\_frostburn> @n30sh4d0w How could that be a PS2 port. Planetside 2 didn't exist when the PS2 wa around. It was build for PC first lul

[22:49] <chalupaprince> @Pinkdam so all you're gonna do is explore but not play the game

[22:49] <novaenforcer> @pinkdam you can explore all of far cry 3.....just not while in a mission...

[22:49] <fringerazadm> haha @ the server comment :P

[22:49] <silvianraccoon> Great Amazing

[22:49] <pinkdam> exploring the game world is playing the game

[22:49] <mrdrpatic> Phil look like the kind of nigga to grunt when he sits

[22:49] <convertedclone> I spawn, I diiiie

[22:50] <chalupaprince> @Pinkdam so once you discover every inch, then what

[22:50] <tashiboss> LMFAOOOOO @Mrdrpatic

[22:50] <mediumfun> ugh, chair

[22:50] <g33krom> LOL

[22:50] <superkricken> they should have just used the map voting system from battlefield 1 for this.

[22:50] <pinkdam> once you die, then what? you're not making any sense

[22:50] <tashiboss> LUL

[22:50] <lumpythebored> Didn't you just celebrate blowing up a tank with a grenade?

[22:50] <novaenforcer> Pinkdam you make no sense lol

[22:50] <g33krom> ^

[22:50] <mrdrpatic> Phils gonna lose his foot faster then his house because of all the shit he eats

[22:50] <n30sh4d0w> @Adam\_Frostburn oh... I thought PS2 port meant that it was ported TO PS2/PS3 not from it. FailFish Falcepalm . Sorry my bad.

[22:50] <pinkdam> what have I said that doesn't make sense?

[22:51] <silvianraccoon> They got thier characters "souped" up because of Skills and surroundings, DSP.

[22:51] <ass\_blastor> cheer10 Glad you're in 3rd person so we can see the backflips from grenades

[22:51] <fringerazadm> equip improved thermal and cooldown reduction epics & bounty hunter card for increased point gain :)

[22:51] <chalupaprince> @Pinkdam you're not making sense, saying loot crates aren't worse than return to obj

[22:51] <tashiboss> Dsp u can't expect people to not shoot u, what do u think they gonna do tickle you?

[22:51] <kushiyakitori> i don't think this is the best choice of class for you

[22:51] <g33krom> Whew

[22:51] <pinkdam> I can go wherever I want in skyrim with a quest active, but poorly made far cry 3 doesn't let me...because it's terrible

[22:51] <novaenforcer> You're playing a free roam game. But you get mad when you start a mission and can't free roam anymore.... that's the point of free roam lmao

[22:51] <silvianraccoon> Or best choice of anything

[22:52] <mrdrpatic> You're life is a messy shit

[22:52] <lumpythebored> I think the best class for DSP in kindergarten.

[22:52] <mediumfun> dsp is focusing hard as hell and not talking to us chat, i hope hes getting mvp at least for it  
BibleThump

[22:52] <adam\_frostburn> @n30sh4d0w Planetside 2 was PC first then console since Sony owned the company  
that made that game so playstation made sense. The fact that they didn't even bother to put in aim assist when  
porting to consoles shows just how little they cared. damn thats like legit sad

[22:52] <neospartanhesperos9> @Mrdrpatric cmonBruh

[22:52] <chalupaprince> @Pinkdam except far cry doesnt let you buy loot crates

[22:52] <g33krom> My bad dude @Mrdrpatric I try to be a decent person

[22:52] <pinkdam> if you don't want the player to go somewhere, either don't put that somewhere into the game  
in the first place, or wall it off. don't insult the player by bossing them around in a game they paid for!

[22:52] <optionalsuperboss> stormtrooper aim on a rebel

[22:52] <aisaidhello> Phil getting MVP LUL good luck

[22:52] <secretbossfight> Jebaited

[22:52] <mrdrpatric> Ok

[22:52] <fringerazadm> @g33krom :)

[22:52] <neospartanhesperos9> aim assist is for bitches

[22:52] <tashiboss> LMFAOO

[22:52] <mrdrpatric> Phil please have my babies

[22:52] <mediumfun> aim for the head LUL

[22:52] <convertedclone> wtf, comparing a multiplayer objective shooter to skyrim?

[22:52] <novaenforcer> Now you're comparing Skyrim to Far cry 3. 2 completely different kinds of games

[22:52] <chalupaprince> @Pinkdam why cant you do that yourself? why does the developer need to do it for  
you?

[22:53] <pinkdam> "skyrim with guns"

[22:53] <tashiboss> Do u complain about everything

[22:53] <silvianraccoon> Phil going MVP??? I'm all for that :D

[22:53] <mediumfun> look at your chat for more than 1 keyword every 5 minutes maybe

[22:53] <kushiyakitori> complaints about game design it the chat subject tonight

[22:53] <fringerazadm> rim in an airplane?

[22:53] <adam\_frostburn> @TashiBoss He does unfortunately

[22:53] <n30sh4d0w> @Adam\_Frostburn as for the support... usually the development team is drop off a project  
pretty quickly after launch. Microtransactions are supposed to help keep them on longer (like at least a year)  
but.... SOE (Daybreak) dropped the development team literally in the next quarter (Q4) after the game's release.

[22:53] <fringerazadm> :P

[22:53] <tashiboss> LMFAOO!!!

[22:53] <eldeadmariachi> SkyrimJobs

[22:53] <superslygaming> you cant dismiss the rest of the game just because your not allowed to explore  
everywhere. i cant turn off the course in a racing game and "explore" the city, doesnt mean the entire game sucks  
and has flawed design. its nit picky nonsense and most players dont have a problem with it.

[22:53] <tashiboss> @Adam\_Frostburn LMFAOOO right?

[22:53] <mediumfun> MVP OR BUST

[22:53] <g33krom> Leave the lobby @DarksydePhil plz

[22:53] <sledgehammer\_dev1> best multiplayer game ever was WARHAWK

[22:54] <mrdrpatric> Wow you're terrible

[22:54] <novaenforcer> I think you're trying to say you want Far Cry to have Quests like Skyrim

[22:54] <onemanlive> Are we not allowed to talk in chat not like you talk to us unless were throwing bits or tips

[22:54] <mediumfun> damn, didnt get MVP

[22:54] <convertedclone> you lost 1 second after overtime started

[22:54] <fringerazadm> Steve Skyrim Jobs

[22:54] <novaenforcer> But it doesn't

[22:54] <tashiboss> Hope i don't get banned for saying that

[22:54] <novaenforcer> Thatâ€™s for Fallout 4 lol  
[22:54] <mrdrpatic> Embrace the hate phil  
[22:54] <adam\_frostburn> @n30sh4d0w Dude they killed the game with the hardcore change to microtransactions. Now they have all these crazy abilities that break the game  
[22:54] <leewanner> @DarksydePhil - You ever think about getting a dog or cat?  
[22:54] <tashiboss> Dsp  
[22:54] <12\_btw\_hahaha> heroes vs villains!  
[22:54] <mrdrpatic> Become Dark Phil  
[22:54] <convertedclone> phil is mvp in my eyes :)  
[22:54] <silvianraccoon> :D The difference is Skyrim does not have loot boxes  
[22:54] <pinkdam> you can't turn off the course in a racing game because it's walled off, they didn't bother putting a whole city with streets etc. into the game and then killing you every time you drive into it  
@superslygaming  
[22:54] <tashiboss> Please play another game  
[22:54] <kushiyakitor> quit out, grab some rewards from "career", and join a new game and try out heavy class @DarksydePhil  
[22:55] <g33krom> ^  
[22:55] <silvianraccoon> and skyrim is open-world  
[22:55] <mediumfun> is playing this on console a cant afford to be a pc gamer kinda thing or what

[22:55] <g33krom> Wow, I just noticed the loading bar at the bottom  
[22:55] <solid\_fantasy> You unlock maps in loot boxes  
[22:55] <kek0n3> Moira is a lot of fun btw  
[22:55] <feerex27> Go play call of duty with the rest of them Whiny b I t ch e s  
[22:55] <everything0> streaming on PC is problematic for him  
[22:55] <everything0> I think he said  
[22:55] <chalupaprince> but to say that return to obj is worse than loot crates is just dumb  
[22:55] <everything0> or recording  
[22:55] <superslygaming> @pinkdam in far cry thats also only when ur on a mission you cant leave mission area.... no shit? when ur not on mission your free to explore the entire map  
[22:55] <fringerazadm> woot 327  
[22:55] <tashiboss> @NovaEnforcer Right my dood!?  
[22:55] <silvianraccoon> God dat loading bar lol  
[22:55] <pedropatricio1991> does the game freeze for you guys in game?  
[22:55] <mrdrpatic> Phil have you ever been in a fist fight?  
[22:55] <convertedclone> he's got a potato pc sadly  
[22:56] <secretbossfight> Starfighter?  
[22:56] <novaenforcer> Pinkdam has to remember Far Cry is a Ubisoft game. So you doomed from the start  
[22:56] <secretbossfight> At least it wouldn't be those maps lol  
[22:56] <neospartanhesperos9> @pedropatricio1991 me gusta tu nombre CoolStoryBob  
[22:56] <secretbossfight> oh at last  
[22:56] <n30sh4d0w> @Adam\_Frostburn not surprised about microtransactions though... I remember one of my former team mates complaining about some kind of stems or nanite abilities that give aim and other stuff.  
[22:56] <beatles12335> go back to the fighters please  
[22:56] <adam\_frostburn> @n30sh4d0w On PC people do still play it. But good luck being able to run it. I have a decent PC and it runs like crap

[22:56] <neospartanhesperos9> NEW MAP  
[22:56] <neospartanhesperos9> PogChamp  
[22:56] <fringerazadm> @pedropatricio1991 makes me want to play on console vs pc :S ea answers  
[22:56] <novaenforcer> But after AC Origins you might be able to roam while having active quests in Far Cry 5  
[22:56] <n30sh4d0w> @Adam\_Frostburn ah cool  
[22:56] <mediumfun> itd be crazy to see the quality on his stream if he used pc  
[22:56] <ashfordian2015> Hope this comes out on switch  
[22:56] <silvianraccoon> Oh god he's going space????  
[22:56] <aisaidhello> Phil is gonna use the "It's a new map I don't know what I'm doing" excuse isn't he?  
[22:56] <adam\_frostburn> @n30sh4d0w Yea there's an ability that just lets you be slightly invisible, on like all classes, it's shit  
[22:57] <tashiboss> What's good with that sfv tho?  
[22:57] <zukyun> !schedule  
[22:57] <nightbot> Nov. 16: Need For Speed Payback at 12:30pm PST! Then the premiere of Star Wars Battlefront 2 at 8:30pm PST!  
[22:57] <adam\_frostburn> @n30sh4d0w Game balance was thrown out the window for microtransactions  
[22:57] <superslygaming> lilyachty is live right now  
[22:57] <onemanlive> @ashfordian2015 I hope it does but it probably be waterdown plus I doubt EA would support Nintendo  
[22:57] <mediumfun> lets see if phil PTFO at all in this match  
[22:57] <silvianraccoon> :DAnother DSP Tries It video everybody  
[22:57] <tashiboss> LMFAOOOO!!  
[22:57] <n30sh4d0w> AS FOR SKYRIM, I think Star Wars Battlefront: The Elder Scrolls edition would be a hilarious mod.  
[22:58] <tashiboss> PJSalt

[22:58] <silvianraccoon> Both  
[22:58] <fringerazadm> don't ise spec on this map :P  
[22:58] <adam\_frostburn> @Mrdrpatic Don't make me chose please

[22:58] <fringerazadm> don't use spec  
[22:58] <neospartanhesperos9> WOW  
[22:58] <chalupaprince> @Pinkdam now do you see that loot crates is worse than return to obj prompts  
[22:58] <tashiboss> I'm done!  
[22:58] <tashiboss> xD  
[22:58] <lumpythebored> Bugged luck mechanics  
[22:58] <kushiyakitori> close range sniper?  
[22:58] <g33krom> I don't know what "hated EA or Phil" is @Mrdrpatic  
[22:59] <lastgambit> If Phil dies its obviously fucking lag or shitty game mechanics. stupid game!  
[22:59] <mediumfun> lets ptfo as a sniper Keepo  
[22:59] <mrdrpatic> must be the buggy game mechanics  
[22:59] <cookiemonster414> phil is playing this game like its COD i think that's why he's dying so much.  
[22:59] <lumpythebored> I agree all maps should be hallways,  
[22:59] <kushiyakitori> yeah, the maps or open. you cant squat and hang out in one spot  
[22:59] <tashiboss> xDDDDDDDDDDDDDDDDDDDD  
[22:59] <fringerazadm> go out in the woods with spec  
[22:59] <silvianraccoon> DSP Tries It video

[22:59] <mk4eva> lmao

[22:59] <lastgambit> Im calling PETA  
[22:59] <n30sh4d0w> @Adam\_Frostburn LUL now all the rants from Higby after he left Daybreak make sense XD  
[22:59] <neospartanhesperos9> dont hurt animals  
[22:59] <convertedclone> but... why would you try to play it like classic battlefield  
[22:59] <danielswe> PETA!  
[22:59] <secretbossfight> telefragged  
[22:59] <psychomojo> LUL  
[22:59] <novaenforcer> @convertedclone exactly lol  
[22:59] <optionalsuperboss> tapir warthog moose hybrid  
[23:00] <everything0> Why play a game like a classic that is not a classic  
[23:00] <tashiboss> Watching him complain all the times gets me moist  
[23:00] <everything0> Weird  
[23:00] <pinkdam> and take this rubbish game as example, think about all the multiplayer shooters that had maps, if you went past the map boundaries you might be killed, but you had the whole map to play in, now they want to put mission area bollocks bossing you around? screw you, how about making your map smaller  
[23:00] <adam\_frostburn> @n30sh4d0w Yea, games shit rip an amazing concept  
[23:00] <tashiboss> BrokeBack  
[23:00] <mrdrpatic> I WAS SHOOTING HIM COME ON  
[23:00] <nightbot> Mrdrpatic -> Please do not abuse capital letters, thank you. [warning]  
[23:00] <paddingtonbear187> MingLee  
[23:00] <silvianraccoon> Wow  
[23:00] <lumpythebored> Says guy shooting people in back  
[23:00] <convertedclone> pinkdam goin in tonite  
[23:01] <legendarygod23> Noob  
[23:01] <mrdrpatic> must've been online tactics  
[23:01] <tashiboss> LOL  
[23:01] <lumpythebored> The side is certainly un sportsman like  
[23:01] <novaenforcer> Pinkdam wants every game to have PUBG size maps  
[23:01] <kushiyakitori> empire wookie  
[23:01] <fringerazadm> audio says rwbcl scum hah  
[23:01] <neospartanhesperos9> Storm troopers hate wookies TheTarFu  
[23:01] <pinkdam> but the people making games think gamers are stupid and need to be led by the nose to where the game designer who knows better thinks they should go - or else!  
[23:01] <backwoods219> cry cry cry yeah man be an imperial wookie i wanna watch that  
[23:01] <frankenfunk> Skyrim is boring  
[23:01] <arnity> LOL  
[23:01] <eazybayke> LuL  
[23:01] <n30sh4d0w> @Adam\_Frostburn I feel bad for Clegg. The creative director for SOE's H1Z1 game he was the lead designer for. (ArcClegg was the dude who fixed all the broken PS2 maps. You can see him lurking in twitch chat sometimes... btw)  
[23:01] <lumpythebored> You just shot him in the side!  
[23:01] <mrdrpatic> Dude!  
[23:01] <mediumfun> 5 galactic assaults in a row ive watched and i havent seen phil actually play the fucking objective BibleThump  
[23:01] <woogio> noob  
[23:01] <convertedclone> pinkdam be honest, are you sauced right now?  
[23:01] <fringerazadm> darkside wookie would be cool :)  
[23:01] <legendarygod23> Hahaha  
[23:01] <pinkdam> @NovaEnforcer no, I just think if a game has a map you should be able to go where you want in it without some popup appearing telling you to stop or else  
[23:01] <g33krom> I disagree @Frankenfunk

[23:01] <kushiyakitori> use a DIFFERENT CLASS  
[23:01] <silvianraccoon> Does anybody missed Video Game Land? Lol  
[23:02] <mediumfun> theres a team death match mode @DarksydePhil  
[23:02] <n30sh4d0w> can we look at the K/D of the other team?  
[23:02] <mrdrpatic> This can't be real you can't be this bad  
[23:02] <novaenforcer> Pinkdam even Skyrim has boundaries  
[23:02] <eazybayke> these people p2w before the nerfs? LuL  
[23:02] <neospartanhesperos9> @Pinkdam may be because some people troll or might abuse certain weapons that might make the game harder for other players  
[23:02] <novaenforcer> Cut it out lol  
[23:02] <adam\_frostburn> @n30sh4d0w Ugh H1Z1 holy shit what a trainwreck  
[23:02] <tashiboss> Dsp vs lowtiergod  
[23:02] <chalupaprince> @Pinkdam and you think that's worse than some player buying a lot of loot crates and being better than  
[23:02] <pray4rock> lol  
[23:02] <tashiboss> I wanna see it  
[23:02] <ratchefan12> lol stupid  
[23:02] <n30sh4d0w> @Adam\_Frostburn I know q-q  
[23:02] <ashfordian2015> Always check your 6 Phil  
[23:02] <pinkdam> yes, actual boundaries, not a bloody popup saying turn back or die from an area you can still enter  
[23:02] <zukyun> why does everyone have the improved themo detonator star card , was it a preorder bonus  
[23:02] <fringerazadm> rubbing is racing, shake & bake :P  
[23:02] <backwoods219> hahahahahahahahaha  
[23:02] <kushiyakitori> that shoots LASERS  
[23:03] <tashiboss> Actually they would be partners  
[23:03] <backwoods219> dudes terrible  
[23:03] <convertedclone> PJSalt  
[23:03] <everything0> why is your entire team charging into enemy fire  
[23:03] <everything0> they're like bots dude  
[23:03] <legendarygod23> Lmao  
[23:03] <silvianraccoon> Who is the complain champion LTG or DSP?  
[23:03] <ass\_blastor> cheer10 DSP is my guilty pleasure  
[23:03] <lumpythebored> They're something called lasers.  
[23:03] <mediumfun> difference between that guy with the handgun and phil, accuracy  
[23:03] <tashiboss> PJSalt PJSalt  
[23:03] <novaenforcer> Well you can die if you fall off the map but now you comparing a multiplayer based game to a single player only  
[23:03] <adam\_frostburn> @n30sh4d0w I don't feel sorry at all, they got lazy and PubG came in with better mechanics and gameplay. It's their loss  
[23:03] <fringerazadm> omg from the side KAPOW  
[23:03] <ratchefan12> LOL  
[23:03] <silvianraccoon> lol  
[23:03] <backwoods219> the way you aim that challenge will never be done hahaha  
[23:03] <kushiyakitori> LUL  
[23:03] <pinkdam> I remember halo 3 had those mines that would kill you on the desert map, they were on the edge of the map as a boundary, not inside the map marking a mission area, when it came to the map proper you could go where you wanted  
[23:04] <arnity> Doesn't show deaths?  
[23:04] <fringerazadm> 2 kills is 1 better than my all time high  
[23:04] <drybonesusa> it does show deaths  
[23:04] <mrdrpatic> Unlike your channel

[23:04] <convertedclone> but if you're playing DM you can go wherever you want, so wtf  
[23:04] <backwoods219> you play the same map twice once for imperials once for rebels  
[23:04] <usojin> @darksydephil crystals are currency you pay for with real money  
[23:04] <mediumfun> @DarksydePhil do you know how to ptfo  
[23:04] <chalupaprince> @Pinkdam but halo 3 didnt have loot crates where some player had better gear cause they paid more  
[23:04] <backwoods219> its been 2 hrs figure it out already  
[23:04] <silvianraccoon> Aw come on guys. Phil knows this game better than anyone :D  
[23:04] <ob1tv> just joining, hows the game going so far everyone?  
[23:04] <novaenforcer> But there were still boundaries  
[23:05] <novaenforcer> @usojin cmonBruh  
[23:05] <mrdrpatic> Come one Phil you're a pro player  
[23:05] <convertedclone> game's a joke, it's all one big meme  
[23:05] <fringerazadm> switch gun to the 280 cfe or w/e it is  
[23:05] <usojin> @nova atpCarl  
[23:05] <mrdrpatic> Come on  
[23:05] <everything0> game seems like a updated version of battlefield  
[23:05] <kushiyakitori> ac280?  
[23:05] <tashiboss> @Mrdrpatic What he said  
[23:05] <everything0> with ea drama  
[23:05] <convertedclone> the justice league of shooters  
[23:05] <novaenforcer> KonCha  
[23:05] <n30sh4d0w> ok night guys  
[23:05] <n30sh4d0w> See you all o/  
[23:05] <pinkdam> yeah boundaries made by people who knew better ways of making games than a popup saying don't go this way or else, what a failure of imagination, you are making a world for people to play in and that's all you can think of?  
[23:05] <n30sh4d0w> @NovaEnforcer waves bye  
[23:05] <mediumfun> HES PTFO OMFG  
[23:05] <n30sh4d0w> @Adam\_Frostburn good talking to you  
[23:06] <mrdrpatic> Let's go Phil!!!!  
[23:06] <adam\_frostburn> @n30sh4d0w Likewise adios  
[23:06] <fringerazadm> I thought snake eyes and cobra commander were gonna pop out  
[23:06] <mrdrpatic> wooooooooo  
[23:06] <mediumfun> first time in 6 galatic assaults he ptfo, we did it fam!  
[23:06] <mrdrpatic> Have my babies  
[23:06] <kushiyakitori> its not a one hit kill  
[23:06] <convertedclone> PJSalt  
[23:06] <novaenforcer> I don't get why you would want to leave the mission area if you're doing a mission lol  
[23:06] <chalupaprince> @Pinkdam so you're saying that's worse than the developer giving people option to be better by buying loot crates  
[23:06] <kushiyakitori> it doesn't matter if you hit him once. you need multiple shots to land. and close up and head on isn't best for snipers  
[23:06] <mrdrpatic> That's my boy  
[23:06] <everything0> My dream is to see him play heavy before the stream ends  
[23:06] <everything0> And get like 5 kills in a row  
[23:06] <pinkdam> BTW I also remember multiplayer games where maps would change in size based on how many players were present, and they changed by areas being walled off, not stupid popups appearing  
[23:06] <g33krom> nice sarcasm @MediumFun  
[23:06] <usojin> Im gonna have to play skyrim now  
[23:06] <cookiemonster414> 2 much wine we need more PJSalt Kappa

[23:10] <g33krom> true @KushiYakitori  
[23:10] <convertedclone> he didn't he was the world's best player, he said he's one of the all around best players in the country  
[23:10] <fringerazadm> ; P  
[23:10] <brotherbeefus> There was straight up an arrow pointing where to go  
[23:10] <mrdrpatic> Eat his ass phil  
[23:10] <mediumfun> phil needed to get in on the pay to win crates so he could kill people in this game Kappa  
[23:10] <despoiler57> its for other game modes that use more of the map  
[23:10] <kushiyakitori> yeah, and he didn't exit the range so he died. it shows the limit on the minimap  
@NeoSpartanHesperos9  
[23:10] <pray4rock> Stormtrooper syndrome aim  
[23:10] <neospartanhesperos9> i didn't notice the boundary then, i thought phil ran far enough  
[23:11] <thesupervillain543> whats up guys hows he liking the game so far?  
[23:11] <novaenforcer> @pinkdam why would you want to go to that scenery? if it's just scenery for the battle that's gonna take place? It's just for atmosphere  
[23:11] <backwoods219> hahahahahahahaha trash  
[23:11] <sledgehammer\_dev1> LMAO  
[23:11] <despoiler57> kobe!  
[23:11] <optionalsuperboss> that was a pretty nice grenade toss tbh  
[23:11] <pinkdam> good map designers can make a map suitable for what they want to happen in it, and make natural walls and boundaries, only a complete hack makes a map too big then puts popups in front of the player threatening them for going in the "wrong" area of a map in a game they paid for and that you made accessible  
[23:11] <convertedclone> Phil praying for them one-shot headshots  
[23:11] <sledgehammer\_dev1> too much toxic damage  
[23:11] <backwoods219> what will he cry about next?  
[23:11] <fringerazadm> must have been a decoy head  
[23:11] <brotherbeefus> "This game has no headshot damage, so I'm gonna shoot once and not adapt to two tapping people with this sniper" Kappa  
[23:11] <mediumfun> will phil understand galactic assault objective gameplay this year Kappa  
[23:11] <kushiyakitori> @NeoSpartanHesperos9 he was like 10 steps away from being safe. right on the edge actually. he was close but just barely missed  
[23:11] <pinkdam> @NovaEnforcer if it's just scenery you CAN'T go there. why make a place the player can go then subsequently put an effect in to kill them for daring to?  
[23:12] <neospartanhesperos9> wow  
[23:12] <tashiboss> <https://gyazo.com/47b028272ce876eef6987513246678f5>  
[23:12] <nightbot> TashiBoss -> Please don't post links. [warning]  
[23:12] <neospartanhesperos9> the whole squad  
[23:12] <mrdrpatic> Lmao  
[23:12] <fringerazadm> @pinkdam is this a repetition bot?  
[23:12] <thesupervillain543> @Pinkdam couldnt have said it any better myself  
[23:12] <mrdrpatic> Bots ain't shit nigga  
[23:12] <cedric\_mp> Hey Phil, favourite class so far?  
[23:12] <mediumfun> this game must feel like algebra feels to me for @DarksydePhil  
[23:13] <neospartanhesperos9> Algebra is easy OpieOP  
[23:13] <thesupervillain543> Kappa  
[23:13] <mediumfun> i suck at it  
[23:13] <mrdrpatic> ResidentSleeper  
[23:13] <novaenforcer> @pinkdam for the atmosphere of the map. Why would yo want to go there instead of participating in the battle in which the game is intended specifically for that  
[23:13] <neospartanhesperos9> It's just rules you need to practice  
[23:13] <arnity> Linear Algebra is not easy  
[23:13] <arnity> please

[23:13] <chalupaprince> its super easy  
[23:13] <fringerazadm> glhf :) going to try and get my pc version working again :S  
[23:13] <neospartanhesperos9> i mean algebra in high school  
[23:13] <bbnnumber9> Know what helps out with damage? Actually hitting the person.  
[23:13] <zukyun> is heroes vs villains available from the start in this or do you have to unlock it first?  
[23:13] <arnity> do you know what linear algebra is? Not that easy  
[23:13] <mrdrpatic> Do you phil watches Rick and Morty?  
[23:13] <mediumfun> if algebras easy, maybe dsp can get some ptfo Kreygasm  
[23:14] <neospartanhesperos9> i only took up Calculus II in college  
[23:14] <butter\_my\_bread> just for u  
[23:14] <cedric\_mp> How do I ask a question?  
[23:14] <novaenforcer> Unlocking game modes cmonBruh  
[23:14] <brotherbeefus> @zukyun It's available, there's quite a few heroes you have from the getgo  
[23:14] <backwoods219> go play arcade or story on EASY!!!!!!!  
[23:14] <mrdrpatic> Lmaoooo

[23:14] <eldeadmariachi> Falcon punch  
[23:14] <kushiyakitori> they gave you points. just not a ton.  
[23:14] <butter\_my\_bread> bugged dood  
[23:14] <mrdrpatic> Don't worry phil he was using online tactics if this was local you would've won  
[23:15] <neospartanhesperos9> @Arnity what is linear algebra  
[23:15] <novaenforcer> %  
[23:15] <backwoods219> dud i wish i was in this dudes lobby right now hahahahah eazy kills

[23:15] <mediumfun> we about to have some every 10 minute chat interaction?  
[23:15] <beatles12335> Its not the games fault  
[23:15] <pinkdam> @NovaEnforcer why indeed? if a player wants to go somewhere you put in your game, let them. games are for the player to play, not to be led by the nose by a bossy game designer. I can't imagine what kind of self important person would think they know so much better than any player possibly could that they put death popups in to make sure the player goes where they think is the right way. totally immersion breaking and utterly unnecessary

[23:16] <g33krom> lol @MediumFun do you need ppl to give you attention 24/7 like the world revolves around you?  
[23:16] <everything0> you should make a blog about stupid game mechanic designs and borders  
[23:16] <eldeadmariachi> Gah too much text

[23:17] <neospartanhesperos9> He is Darth Maul 4Head  
[23:17] <mrdrpatic> Rip  
[23:17] <novaenforcer> @pinkdam well consoles can't even possibly handle a map that big especially DICE games and they make games for both maybe if they made games specifically for PC then there would be PUBG sized maps and you'd be happy but we have consoles holding everything back tbh  
[23:17] <g33krom> right @NeoSpartanHesperos9 ?  
[23:17] <paddingtonbear187> lmao

[23:17] <despoiler57> most players also want to head towards the game objective. not away from it and out of bounds

[23:19] <convertedclone> these phil moans Kreygasm  
[23:19] <pinkdam> any game designer who thinks where they want the player to go is so much more important than where the player might want to go that they put death popups in to shepherd the player (instead of subtle game design relying on psychology etc.) is a failure and yes, self important, he can't stand the thought of the

player deviating from the arty party script he dreamed up, or playing the game the "wrong" way  
[23:19] <beatles12335> Try the fighters again  
[23:19] <mediumfun> the rewards go to good players @DarksydePhil

[23:22] <eldeadmariachi> Lol

[23:22] <pinkdam> imagine if the players were allowed to go where they want and get into organic firefights over actual objectives like taking the high ground or controlling a choke point etc. instead of following the lame script made by the developer

[23:22] <mrdrpatic> δÝ~,

[23:22] <everything0> Yeah at the most you could beta this game with the ea access thing

[23:23] <thesupervillain543> @Pinkdam facts
